LEIRA EXECUTIVE BOARD

- To: LEIRA Executive Board
- From: Cathy Munoz, Legislative Committee Chair
- Ref: Committee Activity Report
- Date: February 1, 2022

I am happy to report that I have a volunteer to join me on the committee. Rebecca Hendricks from South Sound 911 will be working with me on various issues. She has a special interest in the upcoming firearms changes and the conversations with WSP.

Cathy has been working as a liaison with Kateri Anderson of WSP for the upcoming firearms background checks. We hosted a Q & A session with over 90 people attending. It seemed to be successful in answering questions, posing some new suggestions and possibilities, and having an open dialog. Kateri has agreed to have another session once she has had a chance to meet with more interested parties like WASPC and has more answers as to the path the issue is on. This will probably happen very late spring or early summer.

WASPC was made aware of the successful session and our involvement in the issue. They have reached out to me to serve on a small group committee they are forming that will be meeting prior to the presentation to WASPC members at the spring conference. The reason for the group is for WASPC to try to understand how their members feel about the potential changes. My role on that committee is to present some of the discussion points that our members brought up so that the sheriffs and police chiefs on the committee can hear our perspective.

This is a short legislative session and while there are several bills that have been proposed that can affect our operations, but there is nothing that will have severe negative impacts at this point and a few would be very helpful. I am monitoring several that have to do with expunging records, traffic cameras, sexual exploitation, juvenile records, and body worn cameras. HB 1041 is the Sunshine Committee bill that seeks to standardize redactions for juvenile records and helps clear up at least some of the confusion on when and who can

LEIRA EXECUTIVE BOARD

release a record. It also helps rewrite the confusing language on the child sexual assault victims. This is the 3rd time it has been proposed, but so far it has passed the House and has been introduced in the Senate.

For 2022, the committee plans to attend Sunshine Committee meetings remotely when possible.
